FIFTY THOUSAND FIRE LOSS TOLL OF TWO FIRES IN COUNTY OF NAVARRO

Rice and Emhouse Suffer Losses Approximately \$25,000 Each in Blazes of Undetermined Origin. Fire Departments of Both Ennis and Corsicana Answered Appeals for Assistance.

(By Associated Press)

CORSICANA, Oct. 1.—Fire of undetermined origin caused a property loss estimated at \$50,000 in two Navarro county towns last night and this morning. At Rice, last night a blaze starting in a cafe destroyed three brick buildings with a loss of more than \$25,000. At Emhouse, shortly after midnight, a brick building and four frame buildings were burned, the loss being approximately \$25,000. Corsicana and Ennis fire departments answered the calls.

OPSOULIS AND HIS CABINET RESIGNED—CONFIDENCE HAD BEEN WITHDRAWN

CONFIDENCE BEEN LOST

(By Associated Press.)
ATHENS, Oct. 1.—The Greek cabinet, headed by M. S. Opsoulis, has resigned. The reason for the resignation has not yet been made known, but it is unofficially said to have been due to the withdrawal of confidence in the party leaders.

GUNTER HOTEL BEEN SOLD T. B. BAKER, FT. WORTH CAPITALIST

SAN ANTONIO, Oct. 1.—Purchase of the Gunter Hotel at San Antonio from the San Antonio Hotel Company has been decided upon by T. B. Baker, Fort Worth capitalist and hotel operator, he announced Tuesday. With the purchase of the Gunter, Baker will become the greatest hotel operator in the South. He operates the Texas in Fort Worth, the Menger in San Antonio, the Stephen F. Austin in Austin and is building the Baker Hotel in Dallas. He formerly operated the St. Anthony in San Antonio but relinquished his lease about a year ago.

LEAGUE FAILED TO PRESENT EVIDENCE CORRUPTION OFFICE

(By Associated Press.)
WASHINGTON, Oct. 1.—Officials of the Law Enforcement League of Philadelphia failed to present evidence of political corruption among Federal office holders in Pennsylvania in their conference today with Attorney General Stone, it was announced at the Department of Justice. The attorney general said there was not even a suggestion of such evidence. The conference was arranged after President Calvin Coolidge had transmitted to Stone a complaint filed by the league.

OSBORN S. JOHNSON NEW MANAGER FOR THE SMITH DRUG CO.

"They leave but they come back" is often said of those who leave Bryan. The reason for the resignation of Osborn S. Johnson, who was prominent in the business and commercial life of this city before the war when he was summoned to service for his country, resigning his office as president of the Bryan Chamber of Commerce, in his second term. Mr. Johnson left Bryan about four or five years ago for New Orleans, where he has been engaged in business since that time.

In 1904 Mr. Johnson graduated from the Southern College of Pharmacy at Atlanta, Georgia. In 1906 the Smith Drug Store opened for business with J. A. McQueen as manager and Mr. Johnson as pharmacist. Mr. Johnson now returns to the same business establishment, at the same location, as manager of the institution. He stated, in an interview with an Eagle reporter this morning, that he intended to be progressive along worth-while lines and to make his business establishment render a real service to patrons. The Johnsons have rented one of the new cottages erected by Miss Daisy Worley on 32nd street, just off College avenue. Mr. Johnson is being extended a glad welcome back to Bryan from his many friends here.

HALF COUNTIES OF TEXAS FAILED TO FILE TAX RETURNS

(By Associated Press.)
AUSTIN, Oct. 1.—About half the counties of Texas have failed to file their 1924 tax rolls with the state comptroller, though the law requires them to be in before today. There are 125 counties delinquent in this matter, Comptroller Lon A. Smith said.

PROFESSOR BITTLE DIED SUNDAY MORN

Prof. B. W. Bittle, aged 70 years, died suddenly Sunday morning at 9:10 o'clock, at the residence of his nephew, City Secretary Guy P. Bittle, with whom he made his home. Prof. Bittle has been in failing health for more than a year, but was seemingly as well as usual. He was up early and ate breakfast with the family on Sunday morning, and later went out for a walk on the front gallery, as was his custom. Without warning death came to him, and he fell to the floor, dead. Heart disease was given by physicians as the immediate cause of his death.

Prof. B. W. Bittle was born at Salem, Virginia, August 6, 1853. He was a teacher for fifty years, and held the chair of language and mathematics in many of the leading colleges and universities of Virginia, North Carolina, and Texas. He resigned his position in the English department at A. and M. College last year, when his health would no longer permit him to teach. A man of unusual brilliancy of mind and thought, highly educated, and with a kind and gentle disposition, Prof. B. W. Bittle was a man among men, and one whom all loved and honored. He was the last of his family, all of whom were college presidents and teachers of note. He was never married. Only nieces and nephews survive him several in Virginia, and Guy P. Bittle of Bryan, Dr. Frank Bittle of Texarkana, Mrs. C. C. Todd and Mrs. J. B. Bagley of College.

COUNTY FEDERATION OF WOMEN'S CLUBS FORMED SATURDAY

The Brazos County Federation of Women's Clubs was organized on Saturday afternoon at the Chamber of Commerce. Mrs. Will S. Howell, president of the Bryan Woman's Club and Miss Laura Belle Roten, county home demonstration agent, directing the plans of organization. Mrs. Howell was made chairman of the meeting, and in a few words prefaced the plan and the purpose of the organization. So enthusiastic, and so charming were Mrs. Howell's remarks that the women present received a vision of added interest in this important organization, and already are busy with making plans for its success. Miss Roten explained the benefits of such a federation and pointed out many activities which may be incorporated in its program, among other things a county library, co-operative marketing, and a better marketing system. After discussion it was decided that the Brazos County Federation of Women's Clubs will meet on the first Monday of each month, at the office of Miss Roten, home demonstration agent. At the Saturday meeting representatives from the following Woman's Clubs were present and joined the county federation: Kurten, Reliance, Edge, Steele's Store, and Bryan. Every precinct in the county will be given opportunity and urged to enter this organization, and enjoy the benefits to be derived from its programs. It is hoped to make the organization one hundred per cent in membership over the county. The federation dues for the new organization have been paid, and it is duly launched, with all the privileges of membership in the State Federation of Women's Clubs. Officers of the Brazos County Federation of Women's Clubs were elected for the year as follows: Mrs. P. S. Mangum, Edge, president; Mrs. W. G. Colson, Tabor first vice president; Mrs. Richard Hearne, Steele's Store, second vice president; Miss Essie Shealey, Reliance, secretary; Mrs. W. T. Kelley, Kurten, treasurer; Miss Laura Belle Roten, Bryan, parliamentarian; Mrs. Henry Kurten, Kurten, custodian.

REV. H. C. WILLIS IN A STRONG SERMON SUNDAY MORNING

Following the regular opening service and a special sacred song solo by Mrs. Jno. W. Black, Rev. H. C. Willis, at the morning service Sunday, read a part of the third chapter of Exodus, that part dealing with the burning bush and the recall of Moses into Egypt to deliver his people from bondage.

Some of the points stressed by Rev. Willis in this strong sermon were: "The laws of nature are always subject to Divine law. Moses was one of the greatest men in Egypt. He was versed in all state secrets and in the latest developments along educational, and political lines. He was one of the greatest generals of his day and had defeated the Ethiopians. He was patriotic and never forgot that he was a member of the tribe of God's chosen people." Then Rev. Willis went ahead to tell the story of the voluntary exile of Moses in Midian—how he gave up all the glitter of gold and pomp and splendor of the Egyptian palace for the life of a shepherd in the desert wastes, drawing this conclusion, "The greatest things in life are not always gilded."

He then heeded the seeming violation of the law of nature in the burning bush, to find that God was attracting his attention in order to speak to him. "And too many people in the general routine of life today," said Rev. Willis, "are not heeding God's desire to speak to them. It took 40 years for God to make Moses meek and submissive enough to serve his needs. Perhaps you, too, could serve God in some capacity and he would call you into his service. You may be fully qualified to teach a Sunday school class or perform some other duty for the Kingdom, but you will not stop and heed the call when He would speak to you."

MANCHURIAN ARMY IS MAKING HEADWAY

TOKIO, Oct. 1.—The Mukden forces of General Chang, Manchurian leader, whose armies are fighting for the possession of the central government of China, today reported the capture of Kienchang, a town in Chihli Province, 55 miles from Chihli, on the Manchurian border, according to a dispatch from Mukden to the Kokusai News Agency here.

2,500 ARRESTS LAST TEN DAYS

NEARLY \$75,000 PAID IN FINES BY TRAFFIC VIOLATORS IN THIS CITY

76 KILLED SEPTEMBER

(By Associated Press.)
CHICAGO, Oct. 1.—More than 2,500 arrests of speeders have been made within 10 days and \$74,000 in fines have been paid during the campaign to reduce the automobile accident fatalities here. Reports today showed that since January 1st, 500 persons have been killed in accidents, 76 of them in the month of September.

YEATS TAKEN BACK TO OKLAHOMA BY A DEPUTY SHERIFF

(By Associated Press.)
BALLINGER, Oct. 1.—The Reverend Joseph Yeats, charged with abduction in Oklahoma, left here today for Nowata, in custody of Deputy Sheriff A. W. Fields. The father of the girl alleged to have been abducted by the minister, will leave today for their home at Alluwee, Oklahoma.

BABY FOUND WITH RATTLESHAKE FIVE BITES CAUSE DEATH

SAN ANTONIO, Oct. 1.—Elbert Marion Smith, 19-months-old son of Mr. and Mrs. J. M. Smith, died this morning as the result of bites of a rattlesnake with which his mother found him playing in the rear of their home on Broadway on Saturday. Saturday afternoon Mrs. Smith found the baby sitting back of the house playing with the rattler, which was coiled in his lap. As she approached the snake slipped off the child and crawled away. She examined the child and found three bites on the hand. A tourniquet was applied and the child rushed to a physician. An examination disclosed two other bites on the arm above the tourniquet. The poison from these two extended up the arm and caused the child's death.

The Smiths had only recently moved into their new home on Broadway. The father is employed at the West Texas Military Academy and operates a small dairy. The baby was the youngest of nine children.

TEXAS HAS DELEGATES AT THE PAN-AMERICAN COMMERCIAL MEETING

(By Associated Press.)
ATLANTA, Oct. 1.—The Pan-American Commercial Congress opened here today with representatives from 21 Latin-American republics. A number of representatives from all sections of the United States, including Texas, are attending. The purpose of the meeting is to make stronger the commercial ties between Central and South American republics and the United States. The congress will last through Saturday.

AGGIE TEAM IS A DEFINITE QUANTITY --BIBLE HAS NOW CHOSEN HIS ELEVEN

(Special to Bryan Daily Eagle)
COLLEGE STATION, Oct. 1.—The Aggie football line and backfield is now a definite quantity. In the backfield Coach Bible arrayed a very considerable offense and in the line was very noticeable evidence of that impregnable defense and rolling, crushing weight that characterized the work of Claude Rothgeb two years ago. So when the Farmers meet Southern at College Station on Friday afternoon in their third encounter of this fall season there will be present in the grandstands a confidence instead of uneasiness. Fans will settle down to an estimate team force instead of constantly being pricked with fears of glaring weaknesses in joints of the team. In witnessing the team roll up a score of 73 points against two stubborn opponents they have been restored to hope for the season ahead. They have not reached a point of prediction but believe that the Aggies have a fair chance. Their first relief came in the brilliant work of Berry at quarter and the dependable work of Mit Dansby in the same place. Berry has demonstrated generalship, ability to follow interference to best advantage when carrying the ball and unerring skill in receiving punts on safety duty. He has not yet developed the facility of taking the punts on the run on baseball outfielder style, but

COACH BIBLE TALKED FOOTBALL AT ROTARY LUNCHEON MEETING

Following the luncheon hour and the introduction of visitors, the meeting of the Bryan Rotary Club today was turned over to J. W. Payne, program leader, who announced that the first number would be a vocal solo by Mrs. George Long. Mrs. T. K. Lawrence accompanied her in a splendid rendition, which was followed by a demand encore. Then Jno. H. Hood, scout executive for this district succeeding C. C. Ragan, was introduced by J. W. Payne. He prefaced his scout talk by telling of a visit he once made to a big pottery plant in New Mexico and how beautiful vases and worthless ones were turned out from the moulds, drawing a comparison to the products we get from our boyhood according to how we mould their lives and character. It was a splendid talk and was greatly appreciated by the Rotary membership present. He was followed by Stuart Barron who got on the program by request of the leader and who stated that while much had been talked and said about scout work in Bryan but that now something was going to be "done" and he would give up all his other work, his office in the legislature and his home, if necessary, in order to stay with it. His remarks also brought applause.

Scoutmasters Meeting.
Mr. Barron in opening his few remarks stated that there would be a meeting of those who had volunteered for scoutmasters training school to be held at Vicks tank, near the Leonard school, on Thursday evening at 6 o'clock, each one coming to bring his own lunch if he wanted to have anything to eat.

Then Program Leader Payne introduced Dana S. Bible, manager of the athletic department of the A. and M. College and head coach of the various forms of athletics of this institution. He talked of football and explained the different changes in the rules, being competent to speak on this subject as he has been a member of the national rules committee for several years.

Good Sportsmanship.
Elaborating on the remarks of Mr. Hood, Dana Bible mentioned the boy problem in the subject of "Sportsmanship," and stated his opinion of what sportsmanship was. He gave a brief resume of the sports of the ages from early history when "personal combat" and "jousts" were the highest order of sport. He told of the war-like instinct that is housed within the body and mind of every red-blooded boy and young man and stated that football was the modern version of the "jousting" of former days.

He said that a good sport was out to win at all times and was never satisfied with defeat—that he hated to lose. He condemned the player who had not given his best and then congratulated the opposition by having some sort of alibi. He said that a good sport played the game to the limit and tried in every way that was right and according to rule and regulation and justice to win the game, and then, if defeated, acknowledged the other man or team as his superior. When that was over, take new heart and profit by mis-

ALL GOING FINE AT PAT NEFF HONOR FARM

AUSTIN, Oct. 1.—When Governor Pat M. Neff arrived at his office Tuesday morning he was told by his secretary to answer a call over the long distance phone from the Imperial State Farm. "My stars, I wonder if all of the convicts on the honor farm have escaped and gone to the tall timber," was the Governor's first thought. He had just returned to Austin from the Imperial Farm where the honor system was inaugurated Monday, under most propitious conditions.

Answered in Fear.
The Governor hesitated to call the long distance operator. "Well, if those fellows have run off, I can't help it," remarked the Governor as he put in his call.

Connection was had with the Imperial Farm and this is what the manager of the farm told the Governor: "Everything is moving along just fine; not a man out last night. Everybody happy and indications are that the honor system is going to be the finest thing ever. The boys again want to thank you."

Mr. and Mrs. F. E. Lichte and family are moving today into their new home recently completed on College avenue.

Dr. E. W. Price returned last night from Houston where he had been on a short business visit.

AMERICAN BANKERS ASSOCIATION ASKED ENDORSE MARKETING WORK

Resolutions Committee Condemns Taxation System in Force in Some of States, Opposes Amendments Limiting Powers Supreme Court, and Favors Co-operative Marketing Systems.

(By Associated Press)

CHICAGO, Ill., Oct. 1.—All members were urged to get out and vote for the protection of their interests, in a report submitted today by the resolutions committee of the American Bankers Association. Other resolutions proposed by the committee for adoption by the general convention condemned the taxation systems said to be in force in many of the states; stoutly opposed amendments to the constitution tending to curtail the powers of the Supreme Court, the work of the Agricultural Commission was commended and its continuance urged. A resolution favoring co-operative marketing was also reported.

KNOX OF NEW YORK UNANIMOUSLY ELECTED PRES.
CHICAGO, Oct. 1.—William Knox, president of the Bowler Savings Bank of New York, was today unanimously elected President of the American Bankers Association. Oscar Wells, of Birmingham, Alabama, was chosen first vice-president.

INFECTION HAS NOT YET SPREAD

EXAMINATION OF OTHER HERDS BRINGS NO ADDITIONAL DISCLOSURES
NO LATE DEVELOPMENTS
(By Associated Press.)
HOUSTON, Oct. 1.—J. E. Boog-Scott, chairman of the Texas Sanitary Livestock Commission, said today that there had been no overnight developments in the progress of the foot and mouth disease in the quarantined area near Houston. Inspectors, he said, were continuing the examination of additional herds but had reported no extension of the infection.

ANOTHER PIONEER OF BRAZOS COUNTY HAS PASSED INTO BEYOND

"Mother" Mary Mitchell, aged 89 years and 9 months today, died this morning at Franklin, Texas. The funeral services will be held tomorrow morning at 12:00 noon, following which she will be laid beside the body of her husband who died in Bryan in 1892. Mr. and Mrs. James Henry Mitchell came to Brazos county and to Bryan in 1868, shortly after the civil war. They were pioneers in this section of the state and were a very prominent family in the early days of Bryan and Brazos county. Colonel Harvey Mitchell of considerable local fame, was a brother of James Henry Mitchell. The old Mitchell family built the home in the eastern part of the city that is now the residence of W. R. Sanders.

Following the death of her husband, James Henry Mitchell, in 1892, "Mother" Mary Mitchell, moved to Franklin, Texas where she has resided since that time and up to the hour of her death at 8 o'clock this morning. She is survived by two sons, John Mitchell of Franklin and Henry Mitchell of Wheelock and one daughter, Miss Kate Mitchell of Franklin.

DALLAS COUPE TURNED OVER THREE TIMES—OCCUPANTS UNINJURED

A Ford coupe containing two women and a man skidded off the road on the clay hill about two miles on the other side of Millican shortly before 6 o'clock, turning over three times as it went down an embankment of 12 or 15 feet, crushing the wheels of the cars, the fenders, and otherwise damaging it, but the three occupants fortunately escaped without a scratch. W. R. Thomas, proprietor of The Fair, this city, who with his family had spent Sunday afternoon with the Dr. L. J. Goree family at Navasota, noticed the wreck as he was returning home. He passed the scene about 6 o'clock. He offered to lend assistance, but the three were awaiting a ride in the opposite direction and elected to remain in their coupe, which had stopped its precipitate tumble in an upright position, until a car came along reporting the matter to an Eagle reporter, seemed quite amused as the accident that the car had gone through, but underlying that amusement was the feeling that it was a most fortunate accident and might have resulted seriously for those in the car.

Mrs. W. J. Pearce of Center is a guest of her son, S. D. Pearce and family.

Saturday afternoon Mrs. Smith found the baby sitting back of the house playing with the rattlesnake, which was coiled in his lap. As she approached the snake slipped off the child and crawled away. She examined the child and found three bites on the hand. A tourniquet was applied and the child rushed to a physician. An examination disclosed two other bites on the arm above the tourniquet. The poison from these two extended up the arm and caused the child's death. The Smiths had only recently moved into their new home on Broadway. The father is employed at the West Texas Military Academy and operates a small dairy. The baby was the youngest of nine children.

TEXAS HAS DELEGATES AT THE PAN-AMERICAN COMMERCIAL MEETING

(By Associated Press.) ATLANTA, Oct. 1.—The Pan-American Commercial Congress opened here today with representatives from 21 Latin-American republics. A number of representatives from all sections of the United States, including Texas, are attending. The purpose of the meeting is to make stronger the commercial ties between Central and South American republics and the United States. The congress will last through Saturday.

AGGIE TEAM IS A DEFINITE QUANTITY --BIBLE HAS NOW CHOSEN HIS ELEVEN

(Special to Bryan Daily Eagle.) COLLEGE STATION, Oct. 1.—The Aggie football line and backfield is now a definite quantity. In the backfield that Coach Bible arrayed against Trinity University last Friday was a very considerable offense and in the line was very noticeable evidence of that impregnable defense and rolling, crushing weight that characterized the work of Claude Rothgeb two years ago. So when the Farmers meet Southwestern at College Station on Friday afternoon in their third encounter of this fall season there will be present in the grandstands a confidence instead of uneasiness. Fans will settle down to an estimate team force instead of constantly being pricked with fears of glaring weaknesses in joints of the team. In witnessing the team roll up a score of 73 points against two stubborn opponents they have been restored to hope for the season ahead. They have not reached a point of prediction but believe that the Aggies have a fair chance. Their first relief came in the brilliant work of Berry at quarter and the dependable work of Mit Dansby in the same place. Berry has demonstrated generalship, ability to follow interference to best advantage when carrying the ball and unerring skill in receiving punts on safety duty. He has not yet developed the facility of taking the punts on the run on baseball outfielder style, but this has not been expected of him this early in the season, and he has partly overcome this deficiency by his shiftness and fleetness in returning after once getting started. Mit Dansby has less prowess in action than Berry and for that reason will probably not play as much as his competitor for the major general's job on the team, but he was not expected to show the speed in development under intercollegiate conditions that an elect, high-spirited man like Berry would be inclined to conservativeness in play, and this quality will make him first choice to Bible in many games. Allison at left end is a creditable substitute to "Pony" Wilson. Waugh at his side is all to be desired. Jim Forgan, next in line, is there to stay. John Barstow at center proved himself in the last game when he not only held his place, failed to be decoyed out of the play and rolled forward on the attack, but slipped behind the line and intercepted a pass. Norman Dansby is back at the other guard position, and "Ox" Dietrich has only to hold his present stride to follow the tracks of his illustrious brother to Aggie immortality. Due to the unusually good form shown by Beutel on the right end position there is now a question on the choice of him or Wilson for this wing.

COACH BIBLE TALKED FOOTBALL AT ROTARY LUNCHEON MEETING

Following the luncheon hour and the introduction of visitors, the meeting of the Bryan Rotary Club today was turned over to J. W. Payne, program leader, who announced that the first number would be a vocal solo by Mrs. George Long. Mrs. T. K. Lawrence accompanied her in a splendid rendition, which was followed by a demandu encore. Then Jno. H. Hood, scout executive for this district succeeding C. C. Ragan, was introduced by J. W. Payne. He prefaced his scout talk by telling of a visit he once made to a big pottery plant in New Mexico and how beautiful vases and worthless ones were turned out from the moulds, drawing a comparison to the products we get from our boyhood according to how we mould their lives and character. It was a splendid talk and was greatly appreciated by the Rotary membership present. He was followed by Stuart Barron who got on the program by request of the leader and who stated that while much had been talked and said about scout work in Bryan but that now something was going to be "done" and he would give up all his other work, his office in the legislature and his home, if necessary, in order to stay with it. His remarks also brought applause. Scoutmasters Meeting. Mr. Barron in opening his few remarks stated that there would be a meeting of those who had volunteered for scoutmasters training school to be held at Vicks tank, near the Leonard school, on Thursday evening at 6 o'clock, each one coming to bring his own lunch if he wanted to have anything to eat. Then Program Leader Payne introduced Dana X. Bible, manager of the athletic department of the A. and M. College and head coach of the various forms of athletics at this institution. He talked on football and explained the differences in the rules, being competent to speak on this subject as he has been a member of the national rules committee for several years. Good Sportsmanship. Elaborating on the remarks of Mr. Hood, Dana Bible mentioned the boy problem in the subject of "Sportsmanship," and stated his opinion of what sportsmanship was. He gave a brief resume of the sports of the ages from early history when "personal combat" and "jousts" were the highest order of sport. He told of the war-like instinct that is housed within the body and mind of every red-blooded boy and young man and stated that football was the modern outlet for this tendency and the modern version of the "jousting" of former days. He said that a good sport was out to win at all times and was never satisfied with defeat—that he hated to lose. He condemned the player who had not given his best and then congratulated the opposition by having some sort of alibi. He said that a good sport played the game to the limit and tried in every way that was right and according to rule and regulation and justice to win the game, and then, if defeated, acknowledged the other man or team as his superior. When that was over, take new heart and profit by mistakes.

AMERICAN BANKERS ASSOCIATION ASKED ENDORSE MARKETING WORK

Resolutions Committee Condemns Taxation System in Force in Some of States, Opposes Amendments Limiting Powers Supreme Court, and Favors Co-operative Marketing Systems.

(By Associated Press)

CHICAGO, Ill., Oct. 1.—All members were urged to get out and vote for the protection of their interests, in a report submitted today by the resolutions committee of the American Bankers Association. Other resolutions proposed by the committee for adoption by the general convention condemned the taxation systems said to be in force in many of the states; stoutly opposed amendments to the constitution tending to curtail the powers of the Supreme Court, the work of the Agricultural Commission was commended and its continuance urged. A resolution favoring co-operative marketing was also reported.

INFECTION HAS NOT YET SPREAD

EXAMINATION OF OTHER HERDS BRINGS NO ADDITIONAL DISCLOSURES

NO LATE DEVELOPMENTS (By Associated Press.) HOUSTON, Oct. 1.—J. E. Boog-Scott, chairman of the Texas Sanitary Livestock Commission, said today that there had been no overnight developments in the progress of the foot and mouth disease in the quarantined area near Houston. Inspectors, he said, were continuing the examination of additional herds but had reported no extension of the infection.

ANOTHER PIONEER OF BRAZOS COUNTY HAS PASSED INTO BEYOND

"Mother" Mary Mitchell, aged 89 years and 9 months today, died this morning at Franklin, Texas. The funeral services will be held tomorrow morning at Old Booneville cemetery at 12:00 noon, following which she will be laid beside the body of her husband who died in Bryan in 1922. Mr. and Mrs. James Henry Mitchell came to Brazos county and to Bryan in 1868, shortly after the civil war. They were pioneers in this section of the state and were a very prominent family in the early-day life of Bryan and Brazos county. Colonel Harvey Mitchell of considerable local fame, was a brother of James Henry Mitchell. The old Mitchell family built the home in the eastern part of the city that is now the residence of W. R. Sanders.

Following the death of her husband, James Henry Mitchell, in 1922, "Mother" Mary Mitchell, moved to Franklin, Texas where she has resided since that time and up to the hour of her death at 8 o'clock this morning. She is survived by two sons, John Mitchell of Franklin and Henry Mitchell of Wheelock and one daughter, Miss Kate Mitchell of Franklin.

ALL GOING FINE AT PAT NEFF HONOR FARM

AUSTIN, Oct. 1.—When Governor Pat M. Neff arrived at his office Tuesday morning he was told by his secretary to answer a call over the long distance phone from the Imperial State Farm. "My stars, I wonder if all of the convicts on the honor farm have escaped and gone to the tall timber," was the Governor's first thought. He had just returned to Austin from the Imperial Farm where the honor system was inaugurated Monday, under most propitious conditions.

Answered in Fear. The Governor hesitated to call the long distance operator. "Well, if those fellows have run off, I can't help it," remarked the Governor as he put in his call. Connection was had with the Imperial Farm and this is what the manager of the farm said to the Governor: "Everything is moving along just fine; not a man out last night. Everybody happy and indications are that the honor system is going to be the finest thing ever. The boys again want to thank you."

Mr. and Mrs. F. E. Lichte and family are moving today into their new home recently completed on College avenue.

Dr. E. W. Price returned last night from Houston where he had been on a short business visit.

Mrs. W. J. Pearce of Center is a guest of her son, S. D. Pearce and family.

NATURE'S VANITY CASE

Every woman wants to be beautiful. Any woman can be beautiful. That may seem a broad statement, but it is nevertheless true. Beauty can't be defined by just mere perfection of features. Real beauty comes from the perfect development of the body given to the normal person. There can be little beauty without health, for all the outward signs of beauty depends on it. Health comes from eating the proper foods and taking the proper exercise and rest. Nature defies anyone to match the beauty of your health and it certainly comes much cheaper than store bought. You have but to open up nature's vanity case—the recipes are all there waiting for you and some of the good ones are: Eat carrots to make your lips red and its the kind that won't come off; an apple at night will rouge your cheeks with beauty flushes; eat green vegetables and have that creamy complexion without blemish; drink plenty of milk to make sparkling eyes. Then you have the hills—climb to make your flesh firm, and the fresh rays of sun to invigorate. This followed by eight hours good rest will turn the trick. Nature has provided these recipes and if you don't use them you are the looser. Strange, isn't it, we will take such good care of our homes, our autos, etc., and neglect the finest piece of machinery ever created—our bodies.

LEONARD SCHOOL IS IN SESSION—MANY IMPROVEMENTS MADE

With but a fair attendance this early in the term, Leonard school, Mrs. P. A. Tardy teacher, opening this morning. Leonard school is about four miles from Bryan on the Fin-Feather road, just at the end of the gravel surface. The building has been undergoing a course of remodeling this summer by members of the board and a few of the patrons who are taking an interest in the school, the building and the surroundings. The partition between the rooms of the building have been made removable so that they can be thrown into one when necessary for some meeting or entertainment. A new desk and chair has been provided for the teacher. Enough paint has already been purchased from proceeds of entertainments held last term to paint the building complete inside and out, and this work will be undertaken in the near future. Other plans of improvement include a new water cooler, a standard dictionary, and new maps for use in instruction. Cotton picking is not yet over in this community and many of the larger pupils have not yet enrolled, but an attendance of 40 to 45 is expected before the middle of October.

IMPRESSIVE SERVICE FREE BAPTISTS FOR ORDINATION DEACONS

An ordination service for new deacons elected to the Free Baptist church of Bryan was held on Sunday night for the following newly-elected deacons: D. D. Vashinder, Parker Carroll, Harry Edge, and Earl Tatum. J. L. Edge and T. A. Cloud are hold-over deacons from the former board. Rev. J. J. Tatum in an address gave a resume of the history of the Free Baptist denomination in Bryan, which originated over 30 years ago. He told of the growth and accomplishments of the church in that 30 years, bringing the record down to the present time. Then followed the ordination service proper, with Rev. C. B. Thompson, pastor, presiding. Rev. Thompson read the Scripture lesson which was the 84th division of Psalms and then read the ordaining prayer. He was followed by Rev. J. J. Tatum who gave a most impressive charge to the new deacons.

BRAZOS FEDERATION IN MEETING MONDAY

The Brazos Federation of Church Societies held its regular quarterly meeting at the Free Baptist church on Monday afternoon from 3:30 to 5 o'clock. The following program was arranged by the ladies of that church, Mrs. W. G. Reynolds in charge: Song, "Blest Be the Tie"; reading of 92nd Psalm, by Mrs. C. B. Thompson; prayer, led by Mrs. J. L. Brock; vocal solo, Mrs. O. A. Ashworth.

Mrs. S. L. Mangis of Edge spoke forcefully and interestingly of "Woman's Place in the Home, in Politics, and in the Church." A brief business session following with the president, Mrs. M. R. Bentley, in the chair, and Mrs. D. C. DeMaret, secretary-treasurer, at the desk. Only routine matters received attention. The splendid attendance of church women at these meetings is evidence of unity of purpose and co-ordination of effort in Bryan's church activities.

BIRTHDAY DINNER IN BARBECUE STYLE FOR J. WINGATE BARRON

More than 100 people, relatives and friends of District Clerk J. W. Barron, gathered at the grove this side of Wellborn, Sunday noon, to partake of the big barbecue with all trimmings, prepared by the children of Mr. Barron in honor of his seventy-fifth birthday. There was a plentitude of barbecued meats of all kinds and the improvised tables beneath the trees were loaded with delicious eatables in the form of bread salads, pickles and cakes of all kinds, and other things too numerous to mention and in too great a quantity for any one present to more than sample each variety. Everyone ate to capacity, and there was a great deal left that the 100 could not take care of.

TrIBUTES WERE MANY

Following the repast, W. S. Barron presided as master of ceremonies and wittily and appropriately introduced A. W. Buchanan, district agent for the Extension Services, and intimate friend of J. W. Barron's, and Attorney Lamar Bethea, who has lived neighbor to Mr. Barron for about 20 years, and who has also been associated with him in a legal way for a number of years and while the honor guest of the occasion has been Clerk of the district court.

Both speakers and others present paid high tribute to the character and ability of J. W. Barron, showing that he has been ever for the cause of right and honorably and fairly, showing, on every occasion, the big heart that is housed within a body that is yet active after three-quarters of a century have passed by and became to him a memory. W. S. Barron stated that he had been named "Wingate" for his uncle, J. W. Barron, and considered that his parents had done him honor by giving him that name.

The crowd, which included relatives and friends of the family, especially those at the court house with whom Mr. Barron is associated from day to day, gathered about noon and shortly afterward the word was passed around that it was time to eat. Rev. H. C. Willis of the Methodist church returned than's. Following the dinner and speeches, Mrs. A. S. McSwain took a number of pictures of the Barron family and the crowd broke up to repair to their respective homes with pleasant memories of the occasion.

Among those present were: Mr. and Mrs. J. W. Barron; sons: J. I. Barron and family, Ardelle, Irvin, J. Lee Barron and son, J. W. Junior of Beaumont; P. Elbert Barron and wife of Beaumont; sister, D. SINGING CONVENTION MEETS IN BIENNIAL SUNDAY AT MILLICAN

The Brazos County Singing Convention will meet next Sunday, all day, at Millican, Texas, in biennial session. Everybody is welcome to attend and are requested to bring well-filled baskets to be included in the spread that will be made on the ground at the noon hour. The last previous singing convention of the county association, was held at Alexander church on the first Sunday in May. R. F. Crenshaw is president of the County Singing Convention and Miss Mary Locke is secretary. Announcement as to the meeting next Sunday was given the Eagle by Jesse Hensarling, one of the leaders in the convention work.

DOMINEK ANGONIA PUTS STEELE'S STORE OVER TOP IN DRIVE FOR THE DEMOCRATIC NATIONAL CAMPAIGN

Steele's Store is over the top in the precinct drive for funds for the Democratic National Campaign for which Mrs. Lee J. Rountree is county chairman. Dominek Angonia had been appointed precinct chairman for Steele's Store and their quota set at \$35. Mr. Angonia, who is one of this county's most dependable citizens, has answered the call of duty and Democracy with his best efforts and the result is that he has more than raised his quota, exceeding the requested sum by \$6 and raising a total of \$41 in all. Steele's Store is the first precinct to have raised its quota and to date has the largest contribution made in any single precinct.

CHILD WELFARE IS FEATURE PROGRAM LIONS MEET TODAY

The welfare of children, of all ages from the little tots until they are out in the world of today and tomorrow, was the feature program of the Lions Club of Bryan at their regular Tuesday noon luncheon in the basement of the Episcopal parish. Jess Cook was in charge of the program and had presented a splendid one for the occasion. W. W. Chambers, vice president, presided over the meeting in the absence of President C. A. Seary.

Mrs. C. A. Seary, as president of the East Side Parent-Teachers' Association, called on the Lions for support of the playground equipment project at this school. Much playground material, all of a permanent type, has already been installed, and Mrs. Seary wanted to ask if the Lions would not consider the matter of providing a "chute-the-chute" to cost in the neighborhood of \$100, for the pleasure and profit of the little tots attending this institution. Jess Cook appointed the following committee to go into the matter: J. Bryan Miller, chairman; and Wm. N. Sholl and F. D. Fuller.

Ashburn In An Address. Jess Cook then read a letter from Chief C. E. Jenkins asking for speakers at the schools of Bryan for Friday of Fire Prevention Week. Presiding officer W. W. Chambers then appointed C. R. Gardner and Rev. W. N. Sholl, both interested in fire insurance in different ways, to speak, the former at the East Side school.

Jess Cook then prefaced the next speaker with a few remarks as to his interests in students generally and especially in bodies such as alumni associations and organizations of former students, following with the introduction of Colonel Ike Ashburn, secretary of the ex-students association of the A. and M. College.

Col. Ashburn gave a brief history of the association and its accomplishments since organization, the number of members and the work that it was accomplishing and expected to do. He stressed the work of showing the needs of the College to the State legislature in the future sessions as being one of great importance, another the compiling of a directory of former students, there being 7,000 names with addresses and occupations, the employment bureau maintained, and last, but not one of the most important of all, the student loan work. He said that the College now had on its enrollment 88 students who were being helped through their work at a cost of \$9,000 in student loans, \$6,000 of which came through the association and the remaining \$3,000 from outside sources but encouraged through the Association.

The new scout executive for this district, J. H. Hood, then was introduced by Jess Cook, program leader. As Mrs. Seary had presented a plea for the little tots and Colonel Ashburn for the older ones in college and in the world, so Mr. Hood pleaded for the boys of 12 to 18 years and the need for Boy Scout work being given to them for better citizenship. He said that the boys loved the outdoors and like the things that Scout work gave them. He stressed the fact that a boy should not be led by showing him the Bible and telling him that the Bible tells him not to do certain things, but show him that real men, big men, men who are appreciated in the world and who accomplish things for ultimate and lasting good to humanity, are the men for him to follow as a model and a Christian life will be more easily shown him and he will be led into the proper paths.

Jess Hensarling was to have made a classification talk on "Groceries," but stated that he could not make a speech and put it to a vote if they would not rather have him sing a bass solo. Receiving an affirmative vote, he sang "The Great Judgment Morning" and the assemblage then demanded an encore.

Jess Cook led the singing throughout the meeting, singing them out with "Good-Day Ladies."

Those present were: R. B. Ratcliffe, F. D. Fuller, A. L. Held, Avery Machry Co., J. Bryan Miller, E. V. Spence, T. E. Wallace, Dr. Lamar Jones, W. N. Sholl, W. E. Neely, Harry S. Edge, C. R. Gardner, C. S. Martin, O. J. Parks, Jess M. Cook, Ike Ashburn, John H. Hood, J. E. Hensarling, Tom G. Suber, R. L. Brown, L. L. Stephens, M. M. Erskine, W. W. Chambers, Pat Newton, E. J. Hunt, Miss Ruth Knox, pianist and H. D. Cuykendall of the Bryan Eagle.

SICKLY, FEEVISH CHILDREN

Children suffering from intestinal worms are cross, restless and unhealthy. There are other symptoms, however. If the child is pale, has dark rings under the eyes, bad breath and takes no interest in play, it is almost a certainty that worms are eating away its vitality. The surest remedy for worms is White's Cream Vermifuge. It is positive destruction to the worms but harmless to the child. Price 35c. Sold by

BOARD OF DIRECTORS DISCUSS FOOT AND MOUTH PREVENTION

Carl Wipprecht was present at the regular Tuesday morning session of the Board of Directors of the Bryan and Brazos County Chamber of Commerce this morning at the commercial rooms, beginning at 10 o'clock. He addressed the assemblage on the subject of the foot-and-mouth disease, recently found prevalent in the Houston vicinity, and the precautionary measures that should be adopted by this county to keep it from becoming a local menace. He advocated the discouragement of any movement of livestock, either into or out of Brazos county and that all stock should be kept at home and whenever one or more head of cattle were noted to be sick the College veterinarians immediately summoned and an inspection made. While an outbreak is not feared in this county, it is thought advisable to take every precaution that none occurs. A motion carried that a committee consisting of Carl Wipprecht as chairman and assisted by H. O. Ferguson and Secretary S. E. Eberstadt, draft a resolution covering this matter and give publicity to same.

Get-Together Meeting. Secretary Eberstadt reported on his trip to Jefferson, Texas, and East Texas, and stated that after travelling over a large part of this section it was still his opinion that Bryan was the best town in Texas and its people the best to be found anywhere.

Dr. W. B. Bizzell reported the College enrollment to date as 2,210, which is 125 more than on the corresponding date of last year. Judge H. O. Ferguson stated that he had had an interview with Division Engineer Kelley of the state highway commission relative to the Bryan-College road work, and had been assured that the work would start in the near future. E. H. Edge, chairman of the trade extension committee, reported on holding a Trade Day in Bryan and that he would have more to say on the subject at the next meeting.

Chairman Tyler Haswell, of the entertainment committee, stated that the Bryan and College "get-together" meeting was being arranged and that the date and program would be given out later. President Lawrence stated that in response to such request from Chief C. E. Jenkins of the Bryan Fire Department he had named Mrs. Lee J. Rountree and J. Bryan Miller as speakers on Fire Prevention subjects at the East and West side schools, respectively, during next week, which is Fire Prevention Week in Bryan.

Cleaning of Chimneys. Secretary S. E. Eberstadt called the attention of what some of the East Texas towns are doing in elimination of fire hazards. He referred to the cleaning of chimneys and flues. As a result of his calling attention to this, a motion carried that the secretary put a notice in the paper giving publicity to the fact that those desiring chimneys cleaned should call Secretary Eberstadt on the phone or see him personally and he would send a man to do the work who would charge a flat rate of \$1 each, per flue or chimney.

The following members were present: Colonel Ike Ashburn, Dr. W. B. Bizzell, W. H. Cole, J. E. Covey, J. N. Dulaney, E. H. Edge, E. J. Fountain, Judge H. O. Ferguson, Mayor Tyler Haswell, J. M. Gordon, Jno. M. Lawrence, T. K. Lawrence, J. B. Miller, Dr. J. O. Morgan, Oak McKenzie, Mrs. Lee J. Rountree, A. M. Waldrop, M. E. Wallace.

MISS EDGE ARRIVES GA. GAINESVILLE, Ga., Sept. 29.—Among the students who have registered at Brenau College Conservatory, Gainesville, Ga., is Miss Jean Edge, of Bryan Texas. September 10th marked the forty-eighth official opening of Brenau with the largest enrollment the school has ever enjoyed, and the outlook for the year is most promising. A number of delightful social events have already been given, among them have been recitals by members of the Conservatory faculty, and a play by the members of the Cushman Club of the School of Oratory.

A. AND M. COLLEGE CAN SUPPLY FARMERS OF BRAZOS COUNTY WITH JUJUBE TREES--ARE IMPORTED TO THIS SECTION FROM CHINA

To the Bryan Eagle:

In the horticultural grounds about half way between the Main Station Farm and the F. & B. plant, one will find some beautiful jujube trees, imported from China and planted out in March, 1918.

I wish to call the attention of Brazos county farmers who own and live on their farms to this interesting tree. It should be very attractive to the people of this section in the following respects:

1. It is as well, if not better, adapted to this section than the post-oak or any of our native trees.
2. It is a beautiful tree and becomes more and more beautiful with the years. It eventually grows to a height of fifty or more feet and, therefore, would serve as an unusually attractive ornamental shade tree.
3. It bears a fruit of potential commercial possibilities. Moreover, it is very prolific. The fruit begins to ripen very early in the summer and the tree continues to bloom and bear until frost. The fruit may be eaten in any quantity, and at any time, by both children and grown-ups, with about as little danger as apples.

Used As Candied Dates. In China the jujube is candied and dried as a staple and commercial commodity. In different parts of the world the manufacturers of fancy candies and confections take the jujube and "candy" it in making a substitute for candied dates, which in some respects is superior to dates.

When Doctor Bizzell was in London last spring he picked up a small donkey package of candied jujubes in a carton about one inch deep and 3x4 inches in breadth, and length, which cost him as much as fancy candy. If chemists in London can send half way around the world for jujubes for candying purposes, does it not seem possible that we here in Texas, where the jujube is superbly adapted, should succeed ultimately in developing an industry of importance?

Brazos County First. Experts of the United States Department of Agriculture have been candying jujubes and sending samples for several years. Those who have tasted them know how fine they are. This industry may or may not be developed in Texas in the near future. It depends entirely upon our creative, inventive ingenuity.

In the meantime, there is no reason in the world why Brazos county farmers, living under the brow of the A. and M. College, cannot secure a start of jujube trees and use them as ornamentals. If they are not needed for eating, then let the chickens have them, and in the event that they should prove a successful commercial venture, Brazos county farmers would be "in on the ground floor." Very truly yours, B. YOUNG-BLOOD, Director, Experiment Station.

Brazos Has Fine Poultry. Two days recently spent in Brazos county culling farm flocks of chickens, not only revealed the fact that Brazos county has some very fine poultry, but it also revealed the further fact that standard-bred poultry can be made a profitable industry on the farm. Mr. and Mrs. R. Franze's farm, one of the farm visited on September 16, was found to have several hundred fine Barred Rocks. It will be remembered by the readers of the Eagle that on last year Mrs. Franze reported a net profit of more than \$7 per hen for the year. This year Mrs. Franze reports from an average of 62 hens more than ten thousands eggs produced, the sales of fliers and eggs to date amounting to more than \$500. Another good farm flock inspected was that belonging to Miss Mary Locke of Tabor, who also has a flock of fine Barred Rocks, the average production per hen last year being 136 eggs. It was found that proper care and the feeding of balanced rations were essential items in the success of each and every flock.

Fall Destruction of Insects.

The College experts are calling our attention to the importance of an early clean-up campaign in an endeavor to rid the fields of injurious insects which might destroy our crops next year. It is not enough for one man in a community to clean up his premises, or farm, and those adjacent thereto leave theirs to harbor the insects through the winter. The recent rains have caused cotton plants to put on new growth, and in many instances blooms are appearing, thus affording ideal conditions for heavy infestation of the boll weevil. Turning the stock into the field early plowing the cotton stalks and other vegetation under will have a two-fold result, first destroying hibernating places for insects, and second, the plowing under of vegetation furnishing humus for the land, and preparing the land for early planting next year, should seasons warrant same.

Shining Lights Disliked.

Some one kindly sent the county agent a clipping and suggestion, by failure to sign their name make it impossible to properly express our appreciation. However, it is the thoughtfulness of friends, and the kindly advice given that makes life worth while and oftentimes removes from our pathway thorns and thistles which would annoy. Sign boards pointing out the way, babbling brooks, singing birds, fragrant flowers, and hand claps from hearth that love their fellowman give to the noon-day sun a greater glory and gives to the sunset of our misundestood lives a mellowness they not otherwise could have known. "On a little hill, all peaceful and still, A glow-worm lived all alone, And every night he lighted his light, And knew not how peaceful he shone But a toad from below, saw the glow-worm glow, And came up from his filthy lair, And went flippity-flop to the little hill top, And spit on the glow-worm there. "Oh, toad, how have I harmed you by action of mine?" Said the old toad then, and he spit again, "I hate you because you shine."

Poultry Meeting Monday. Next Monday night, the first Monday night in October, we hope to have present at the meeting of the poultry association every one interested in better poultry in Brazos county. If you are not there the thing which you wanted done may not be done. The thing which you don't want done might be done.

A Poultry Observation.

C. E. Jenkins, president of the Brazos County Poultry Association, states he is of the opinion that S. C. White Leghorn cockerels should not be fed the usual growing mash, for the reason that it puts too much comb on cockerels to be exhibited at

the shows. Other poultrymen, what has been your observation on this point?

Marketing of Turkeys. W. B. Lanham, marketing specialist for the Extension Service of the A. and M. College, advises that "A co-operative plan has just been worked out between the Bureau of Agricultural Statistics, the State Marketing Warehouse Commission, and the Extension Service, whereby we hope to be of some service in disposing of this year's crop of turkeys." Those interested in trying to get the best price possible for their turkeys should take up the matter with Mr. Lanham right away.

Record Books Tell the Story.

As stated before, there will be given trips to the Dallas Fair to each of the four club members making the best record in corn production, cotton production, poultry, and livestock, respectively. Those club members expecting to compete for these prizes must have their record books completed and turned in not later than October 10. Your record may be the best, but if we don't get it in, it will not be considered—it can't be. If you have misplaced your record books, other poultrymen, what has been your observation on this point?

Regarding the Tabor Fair.

The Tabor fair, while not as well attended as it should have been, had the best exhibit of corn it has ever had. Perhaps so with the cotton. The poultry exhibit was not up to the standard heretofore set in the number of exhibitors. The livestock exhibit was good. Lynn Sample had among the livestock exhibits his fine 2,200 pound Shorthorn bull, a real show by himself. The cotton exhibit revealed the fact that many farmers in the Tabor community, as is the case in other communities of the county, are growing half-and-half cotton, claiming that they can produce more and that they receive as much as their neighbors who grow other varieties of better staple.

Beef A Cent A Pound.

It is reported that a herd of cattle in Brazos county sold a few days ago at the ridiculously low price of one cent a pound. Such prices offer but little encouragement for the stock raiser. However, it is quite certain that such prices will not hold for all time, and the man who takes advantage of the situation may replace scrub cattle with standardbred, which, if properly taken care of, will always command a better price.

If your story is a good one it may be given to the papers that others may be encouraged by your good example.

Fever Tick Menace.

It is reported that tick fever is taking a drastic toll from the livestock men in Brazos county. One owner in the Smetana community reported to have lost recently more than 20 head out of a herd of 60, and it is also reported that Mr. Dunlap of Millican has recently lost about 20 head as a result of tick fever.

NATURE'S VANITY CASE

Every woman wants to be beautiful. Any woman can be beautiful. That may seem a broad statement, but it is nevertheless true. Beauty can't be defined by just mere perfection of features. Real beauty comes from the perfect development of the body given to the normal person. There can be little beauty without health, for all the outward signs of beauty depends on it. Health comes from eating the proper foods and taking the proper exercise and rest. Nature defies anyone to match the beauty of your health and it certainly comes much cheaper than store bought. You have but to open up nature's vanity case—the recipes are all there waiting for you and some of the good ones are: Eat carrots to make your lips red and use the kind that won't come off; an apple at night will rouse your cheeks with beauty flushes; eat green vegetables and have that creamy complexion without blemish; drink plenty of milk to make sparkling eyes. Then you have the hill—climb to make your flesh firm, and the fresh rays of sun to invigorate. This followed by eight hours good rest will turn the trick. Nature has provided these recipes and if you don't use them you are the loser. Strange, isn't it, we will take such good care of our homes, our autos, etc., and neglect the finest piece of machinery ever created—our bodies.

LEONARD SCHOOL IS IN SESSION—MANY IMPROVEMENTS MADE

With but a fair attendance this early in the term, Leonard school, Mrs. P. A. Tardy teacher, opening this morning. Leonard school is about four miles from Bryan on the Fin-Feather road, just at the end of the gravel surface. The building has been undergoing a course of remodeling this summer by members of the board and a few of the patrons who are taking an interest in the school, the building and the surroundings. The partition between the rooms of the building have been made removable so that they can be thrown into one when necessary for some meeting or entertainment. A new desk and chair has been provided for the teacher. Enough paint has already been purchased from proceeds of entertainments held last term to paint the building complete inside and out, and this work will be undertaken in the near future. Other plans of improvement include a new water cooler, a standard dictionary, and new maps for use in instruction. Cotton picking is not yet over in this community and many of the larger pupils have not yet enrolled, but an attendance of 40 to 45 is expected before the middle of October.

IMPRESSIVE SERVICE FREE BAPTISTS FOR ORDINATION DEACONS

An ordination service for new deacons elected to the Free Baptist church of Bryan was held on Sunday night for the following newly-elected deacons: D. D. Vasbinder, Parker Carroll, Harry Edge, and Earl Tatum. J. L. Edge and T. A. Cloud are hold-over deacons from the former board. Rev. J. J. Tatum in an address gave a resume of the history of the Free Baptist denomination in Bryan, which originated over 30 years ago. He told of the growth and accomplishments of the church in that 30 years, bringing the record down to the present time. Then followed the ordination service proper, with Rev. C. B. Thompson, pastor, presiding. Rev. Thompson read the Scripture lesson which was the 84th division of Psalms and then read the ordaining prayer. He was followed by Rev. J. J. Tatum who gave a most impressive charge to the new deacons.

BRAZOS FEDERATION IN MEETING MONDAY

The Brazos Federation of Church Societies held its regular quarterly meeting at the Free Baptist church on Monday afternoon from 3:30 to 5 o'clock. The following program was arranged by the ladies of that church, Mrs. W. G. Reynolds in charge: Song, "Blest Be the Tie"; reading of 92nd Psalm, by Mrs. C. B. Thompson; prayer, led by Mrs. J. L. Brock; vocal solo, Mrs. O. A. Ashworth.

Mrs. S. L. Mangis of Edge spoke forcefully and interestingly of "Woman's Place in the Home, in Politics, and in the Church." A brief business session following with the president, Mrs. M. R. Bentley, in the chair, and Mrs. D. C. DeMark, secretary-treasurer, at the desk. Only routine matters received attention. The splendid attendance of church women at these meetings is evidence of unity of purpose and co-ordination of effort in Bryan's church activities.

BIRTHDAY DINNER IN BARBECUE STYLE FOR J. WINGATE BARRON

More than 100 people, relatives and friends of District Clerk J. W. Barron, gathered at the grove this side of Wellborn, Sunday noon, to partake of the big barbecue with all trimmings, prepared by the children of Mr. Barron in honor of his seventy-fifth birthday. There was a plentitude of barbecued meats of all kinds and the improvised tables beneath the trees were loaded with delicious eatable in the form of bread salads, pickles and cakes of all kinds, and other things too numerous to mention and in too great a quantity for any one present to more than sample each variety. Everyone ate to capacity, and there was a great deal left that the 100 could not take care of.

Tributes Were Many.

Following the repast, W. S. Barron presided as master of ceremonies and wittily and appropriately introduced A. W. Buchanan, district agent for the Extension Service, and intimate friend of J. W. Barron's, and Attorney Lamar Bethea, who has lived neighbor to Mr. Barron for about 20 years, and who has also been associated with him in a legal way for a number of years and while the honor guest of the occasion has been clerk of the district court.

Both speakers and others present paid high tribute to the character and ability of J. W. Barron, showing that he has been ever for the cause of right and dealing with all alike, justly, honorably and fairly, showing, on every occasion, the big heart that is housed within a body that is yet active after three-quarters of a century have passed by and became to him a memory. W. S. Barron stated that he had been named "Wingate" for his uncle, J. W. Barron, and considered that his parents had done him on honor by giving him that name.

The crowd, which included relatives and friends of the family, especially those at the court house with whom Mr. Barron is associated from day to day, gathered about noon and shortly afterward the word was passed around that it was time to eat. Rev. H. C. Willis of the Methodist church returned thanks. Following the dinner and speeches, Mrs. A. S. McSwain took a number of pictures of the Barron family and the crowd broke up to repair to their respective homes with pleasant memories of the occasion.

Among those present were: Mr. and Mrs. J. W. Barron; sons: J. I. Barron and family, Ardelle, Irvin, J. Lee, Mr. and Mrs. Julius Barron; J. Barron and son, J. W. Junior of Beaumont; P. Elbert Barron and wife of Beaumont; sister, D. W. Damsby; brothers: P. L. Barron and family, Lahlia, Ruble, Rupert, Miss Eugenia Suber, John M. SINGING CONVENTION MEETS IN BIENNIAL SUNDAY AT MILLICAN

The Brazos County Singing Convention will meet next Sunday, all day, at Millican, Texas, in biennial session. Everybody is welcome to attend and are requested to bring well-filled baskets to be included in the spread that will be made on the ground at the noon hour. The last previous singing convention of the county association, was held at Alexander church on the first Sunday in May. R. F. Crenshaw is president of the County Singing Convention and Miss Mary Locke is secretary. Announcement as to the meeting next Sunday was given the Eagle by Jesse Hensarling, one of the leaders in the convention work.

DOMINEK ANTONIA PUTS STEELE'S STORE OVER TOP IN DRIVE FOR THE DEMOCRATIC NATIONAL CAMPAIGN

Steele's Store is over the top in the precinct drive for funds for the Democratic National Campaign for which Mrs. Lee J. Rountree is county chairman. Dominek Antonia had been appointed precinct chairman for Steele's Store and their quota set at \$35. Mr. Antonia, who is one of this county's most dependable citizens, has answered the call of duty and Democracy with his best efforts and the result is that he has more than raised his quota, exceeding the requested sum by \$6 and raising a total of \$41 in all. Steele's Store is the first precinct to have raised its quota and to date has the largest contribution made in any single precinct.

CHILD WELFARE IS FEATURE PROGRAM LIONS MEET TODAY

The welfare of children, of all ages from the little tots until they are out in the world of today and tomorrow, was the feature program of the Lions Club of Bryan at their regular Tuesday noon luncheon in the basement of the Episcopal parish. Jess Cook was in charge of the program and had presented a splendid one for the occasion. W. W. Chambers, vice president, presided over the meeting in the absence of President C. A. Searcy.

Mrs. C. A. Searcy, as president of the East Side Parent-Teachers' Association, called on the Lions for support of the playground equipment project at this school. Much playground material, all of a permanent type, has already been installed, and Mrs. Searcy wanted to ask if the Lions would not consider the matter of providing a "chute-the-chute" to cost in the neighborhood of \$100, for the pleasure and profit of the little tots attending this institution. Jess Cook appointed the following committee to go into the matter, J. Bryan Miller, chairman; and Wm. N. Sholl and F. D. Fuller.

Ashburn In An Address.

Jess Cook then read a letter from Chief C. E. Jenkins asking for speakers at the schools of Bryan for Friday of Fire Prevention Week. Presiding officer W. W. Chambers then appointed C. R. Gardner and Rev. W. N. Sholl, both interested in fire insurance in different ways, to speak, the former at the East Side school.

Jess Cook then prefaced the next speaker with a few remarks as to his interests in students generally and especially in bodies such as alumni associations and organizations of former students, following with the introduction of Colonel Ike Ashburn, secretary of the ex-students association of the A. and M. College.

Col. Ashburn gave a brief history of the association and its accomplishments since organization, the number of members and the work that it was accomplishing and expected to do. He stressed the work of showing the needs of the College to the State legislature in the future sessions as being one of great importance, another the compiling of a directory of former students, there being 7,000 names with addresses and occupations, the employment bureau maintained, and last, but one of the most important of all, the student loan work. He said that the College now had on its enrollment 88 students who were being helped through their work at a cost of \$9,000 in student loans, \$6,000 of which came through the association and the remaining \$3,000 from outside sources but encouraged through the Association.

The new scout executive for this district, J. H. Hood, then was introduced by Jess Cook, program leader. As Mrs. Searcy had presented a plea for the little tots and Colonel Ashburn for the older ones in college and in the world, so Mr. Hood pleaded for the boys of 12 to 18 years and the need for Boy Scout work being given to them for better citizenship. He said that the boys loved the outdoors and like the things that Scout work gave them. He stressed the fact that a boy should not be led by showing him the Bible and telling him that the Bible tells him not to do certain things, but show him that real men, big men, men who are appreciated in the world and who accomplish things for ultimate and lasting good to humanity, are the men for him to follow as a model and a Christian life will be more easily shown him and he will be led into the proper paths.

Jess Hensarling was to have made a classification talk on "Groceries," but stated that he could not make a speech and put it to a vote if they would not rather have him sing a bass solo. Receiving an affirmative vote, he sang "The Great Judgment Morning," and the assemblage then demanded an encore.

Jess Cook led the singing throughout the meeting, singing them out with "Good-Bye Ladies."

Those present were: R. B. Ratcliffe, F. D. Fuller, A. L. Held, Avery Machry Co., J. Bryan Miller, E. V. Spence, T. E. Wallace, Dr. Lamar Jones, W. N. Sholl, W. E. Neely, Harry S. Edge, C. R. Gardner, C. S. Martin, O. J. Parks, Jess M. Cook, Ike Ashburn, John H. Hood, J. E. Hensarling, Tom G. Suber, R. L. Brown, L. L. Stephens, M. M. Erskine, W. W. Chambers, Pat Newton, E. J. SICKLY, PEEVISH CHILDREN

Children suffering from intestinal worms are cross, restless and unhealthy. There are other symptoms, however. If the child is pale, has dark rings under the eyes, bad breath and takes no interest in play, it is almost a certainty that worms are eating away its vitality. The surest remedy for worms is White's Cream Vermifuge. It is positive destruction to the worms but harmless to the child. Price 35c. Sold by

BOARD OF DIRECTORS DISMISSES FOOT AND MOUTH PREVENTION

Carl Wipprecht was present at the regular Tuesday morning session of the Board of Directors of the Bryan and Brazos County Chamber of Commerce this morning at the commercial rooms, beginning at 10 o'clock. He addressed the assemblage on the subject of the foot-and-mouth disease, recently found prevalent in the Houston vicinity, and the precautionary measures that should be adopted by this county to keep it from becoming a local menace. He advocated the discouragement of any movement of livestock, either into or out of Brazos county and that all stock should be kept at home and whenever one or more head of cattle were noted to be sick the College veterinarians immediately summoned and an inspection made. While an outbreak is not feared in this county, it is thought advisable to take every precaution that none occurs. A motion carried that a committee consisting of Carl Wipprecht as chairman and assisted by H. O. Ferguson and Secretary S. E. Eberstadt, draft a resolution covering this matter and give publicity to same.

Get-Together Meeting.

Secretary Eberstadt reported on his trip to Jefferson, Texas, and East Texas, and stated that after travelling over a large part of this section it was still his opinion that Bryan was the best town in Texas and its people the best to be found anywhere.

Dr. W. B. Bizzell reported the College enrollment to date as 2,210, which is 125 more than on the corresponding date of last year.

Judge H. O. Ferguson stated that he had had an interview with Division Engineer Kelley of the state highway commission relative to the Bryan-College road work, and had been assured that the work would start in the near future. E. H. Edge, chairman of the trade extension committee, reported on holding a Trade Day in Bryan and that he would have more to say on the subject at the next meeting.

Chairman Tyler Haswell, of the entertainment committee, stated that the Bryan and College "get-together" meeting was being arranged and that the date and program would be given out later. President Lawrence stated that in response to such request from Chief C. E. Jenkins of the Bryan Fire Department he had named Mrs. Lee J. Rountree and J. Bryan Miller as speakers on Fire Prevention subjects at the East and West side schools, respectively, during next week, which is Fire Prevention Week in Bryan.

Cleaning of Chimneys.

Secretary S. E. Eberstadt called the attention of what some of the East Texas towns are doing in elimination of fire hazards. He referred to the cleaning of chimneys and flues. As a result of his calling attention to this, a motion carried that the secretary put a notice in the paper giving publicity to the fact that those desiring chimneys cleaned should call Secretary Eberstadt on the phone or see him personally and he would send a man to do the work who would charge a flat rate of \$1 each, per flue or chimney.

The following members were present: Colonel Ike Ashburn, Dr. W. B. Bizzell, W. H. Cole, J. E. Covey, N. Dulaney, E. H. Edge, E. J. Fountain, Judge H. O. Ferguson, Mayor Tyler Haswell, J. M. Gordon, Jno. M. Lawrence, T. K. Lawrence, J. B. Miller, Dr. J. O. Morgan, Oak McKenzie, Mrs. Lee J. Rountree, A. M. Waldrop, M. E. Wallace.

MISS EDGE ARRIVES GA.

GAINESVILLE, Ga., Sept. 29.—Among the students who have registered at Brenau College Conservatory, Gainesville, Ga., is Miss Jean Edge, of Bryan Texas. September 10th marked the forty-eighth official opening of Brenau with the largest enrollment the school has ever enjoyed, and the outlook for the year is most promising. A number of delightful social events have already been given, among them have been recitals by members of the Conservatory faculty, and a play by the members of the Cushman Club of the School of Oratory.

A. AND M. COLLEGE CAN SUPPLY FARMERS OF BRAZOS COUNTY WITH JUJUBE TREES--ARE IMPORTED TO THIS SECTION FROM CHINA

To the Bryan Eagle:
In the horticultural grounds about half way between the Main Station Farm and the E. & B. plant, one will find some beautiful jujube trees, imported from China and planted out in March, 1918.

I wish to call the attention of Brazos county farmers who own and live on their farms to this interesting tree. It should be very attractive to the people of this section in the following respects:

1. It is as well, if not better, adapted to this section than the post-oak or any of our native trees.
2. It is a beautiful tree and becomes more and more beautiful with the years. It eventually grows to a height of fifty or more feet and, therefore, would serve as an unusually attractive ornamental shade tree.
3. It bears a fruit of potential commercial possibilities. Moreover, it is very prolific. The fruit begins to ripen very early in the summer and the tree continues to bloom and bear until frost. The fruit may be eaten in any quantity, and at any time, by both children and grown-ups, with about as little danger as apples.

Used As Candied Dates.
In China the jujube is candied and dried as a staple and commercial commodity. In different parts of the world the manufacturers of fancy candies and confections take the jujube and "candy" it in making a substitute for candied dates, which in some respects is superior to dates.

When Doctor Bizzell was in London last spring he picked up a small fancy package of candied jujubes in a carton about one inch deep and 3x4 inches in breadth and length, which cost him as much as fancy candy. If chemists in London can send half way around the world for jujubes for candying purposes, does it not seem possible that we here in Texas, where the jujube is superbly adapted, should succeed ultimately in developing an industry of importance?

Brazos County First.
Experts of the United States Department of Agriculture and sending samples for several years. Those who have tasted them know how fine they are. This industry may or may not be developed in Texas in the near future. It depends entirely up on our creative ingenuity.

In the meantime, there is no reason in the world why Brazos county farmers, living under the brow of the A. and M. College, cannot secure a start of jujube trees and use them as ornamentals. If they are not needed for eating, then let the chickens have them, and in the event that they should prove a successful commercial venture, Brazos county farmers would be "in on the ground floor." Very truly yours, B. YOUNG BLOOD, Director, Experiment Station and "candy" it in making a substitute for candied dates, which in some respects is superior to dates.

Two days recently spent in Brazos county culling farm flocks of chickens, not only revealed the fact that Brazos county has some very fine poultry, but it also revealed the further fact that standard-bred poultry can be made a profitable investment on the farm. Mr. and Mrs. R. Franze's farm, one of the farm visited on September 16, was found to have several hundred fine Barred Rocks. It will be remembered by the readers of the Eagle that on last year Mrs. Franze reported a net profit of more than \$7 per hen for the year. This year Mrs. Franze reports from an average of 62 hens more than ten thousands eggs produced, the sales of fliers and eggs to date amounting to more than \$500.

Another good farm flock inspected was that belonging to Miss Mary Locke of Tabor, who also has a flock of fine Barred Rocks, the average production per hen last year being 136 eggs. It was found that proper care and the feeding of balanced rations were essential items in the success of each and every flock.

Marketing of Turkeys.
W. E. Lanham, marketing specialist for the Extension Service of the A. and M. College, advises that "A co-operative plan has just been worked out between the Bureau of Agricultural Statistics, the State Marketing Warehouse Commission, and the Extension Service, whereby we hope to be of some service in disposing of this year's crop of turkeys." Those interested in trying to get the best price possible for their turkeys should take up the matter with Mr. Lanham right away.

Record Books Tell the Story.
As stated before, there will be given trips to the Dallas Fair to each of the four club members making the best record in corn production, cotton production, poultry, and livestock, respectively. Those club members expecting to compete for these prizes must have their record books completed and turned in not later than October 10. Your record may be the best, but if we don't get it in, it will not be considered—it can't be if you have misplaced your record.

Shining Lights Disliked.
The College experts are calling our attention to the importance of an early clean-up campaign in an endeavor to rid the fields of injurious insects which might destroy our crops next year. It is not enough for one man in a community to clean up his premises, or farm, and those adjacent thereto leave theirs to harbor the insects through the winter. The recent rains have caused cotton plants to put on new growth, and in many instances blooms are appearing, thus affording ideal conditions for heavy infestation of the boll weevil. Turning the stock into the field early plowing the cotton stalks and other vegetation under will have a two-fold result, first destroying hibernating places for insects, and second, the plowing under of vegetation furnishing humus for the land, and preparing the land for early planting next year, should seasons warrant same.

Some one kindly sent the county agent a clipping and suggestion, by failure to sign their name make it impossible to properly express one's appreciation. However, it is the thoughtfulness of friends, and the kindly advice given that makes life worth while and oftentimes removes from our pathway thorns and thistles which would annoy. Sign boards pointing out the way, babbling brooks, singing birds, fragrant flowers, and hand claps from hearts that love their fellowman give to the noon-day sun a greater glory and gives to the sunset of our misunderstood lives a mellowness they not otherwise could have known.

"On a little hill, all peaceful and still, A glow-worm lived all alone, And every night he lighted his light, And knew not how peaceful he shone. But a toad from below, saw the glow-worm glow,

And came up from his filthy lair, And went flippity-flop to the little hill top, And spit on the glow-worm there. "Oh, toad, how have I harmed you by action of mine?" Said the old toad then, and he spit again, "I hate you because you shine."

Poultry Meeting Monday.
Next Monday night, the first Monday night in October, we hope to have present at the meeting of the poultry association every one interested in better poultry in Brazos county. If you are not there the thing which you wanted done may not be done. The thing which you don't want done might be done.

A Poultry Observation.
C. E. Jenkins, president of the Brazos County Poultry Association, states he is of the opinion that S. C. White Leghorn cockerels should not be fed the usual growing mash, for the reason that it puts too much starch on cockerels to be beneficial at

Not only see that your record book is properly filled out, but also see that you have an interesting story of what you have accomplished in your club work and what it has meant to you, not only in dollars and cents, but in encouragement and inspiration. If your story is a good one it may be given to the papers that others may be encouraged by your good example.

Fever Tick Meant.
It is reported that tick fever is taking a drastic toll from the livestock men in Brazos county, one owner in the Smetana community reported to have lost recently more than 20 head out of a herd of 60, and it is also reported that Mr. Dunlap of Millican has recently lost about 20 head as a result of tick fever.

Regarding the Tabor Fair.
The Tabor fair, while not as well attended as it should have been, had the best exhibit of corn it has ever had. Perhaps so with the cotton. The poultry exhibit was not up to the standard heretofore set in the number of exhibitors. The livestock exhibit was good. Lynn Sample had from the livestock exhibits his fine 2,200 pound Shorthorn bull, a real show by himself. The cotton exhibit revealed the fact that many farmers in the Tabor community, as is the case in other communities of the county, are growing half-and-half cotton, claiming that they can produce more and that they receive as much as their neighbors who grow other varieties of better staple.

Beef A Cent A Pound.
It is reported that a herd of cattle in Brazos county sold a few days ago at the ridiculously low price of one cent a pound. Such prices offer but little encouragement for the stock raiser. However, it is quite certain that such prices will not hold for all time, and the man who takes advantage of the situation may replace scrub cattle with standardbred, which, if properly taken care of, will always command a better price.

Practical Nurse Tells

Mrs. N. E. Snow, of Route 1, near Paris, Tenn., tells the story of her experience as follows: "I am 62 years old and I have been a practical nurse for more than 20 years, taking mostly maternity cases. One of my daughters suffered from cramping at birth. She would just bend double and have to go to bed."

CARDUI

The Woman's Tonic

was recommended to her and she only had to take about two bottles, when she hardly knew that it was . . . she suffered so little pain. "My youngest daughter was run-down, weak and nervous, and looked like she didn't have a bit of blood left—just a walking skeleton, no appetite and tired all the time. I gave her two bottles of Cardui. It built her up and she began eating and soon gained in weight and has been so well since."

Cardui, the Woman's Tonic, has helped suffering women for over forty years. Try it. At all druggists. E-100

ARE YOU FAIR TO Your Home Town MERCHANT

WHAT HE DOES FOR US

When money is slack; when crops fail; when credit is urgently needed, he is the one to whom we turn in the emergency. He charges no interest; he gives us quality merchandise that is reasonably priced and on which he must make a fair margin of profit in order to continue in business.

He helps us build schools, our churches, our roads; he pays his taxes just as we do and these taxes go to pay for the up-keep and development of our home county. He is ready to give assistance to any worthy cause; to donate to a needy family in town or county. His mind is open to conviction and his heart is open to those who deserve and his pocket-book is always ready to back up his heart and his mind.

**THAT'S WHAT THE MERCHANT
DOES FOR YOU**

WHAT WE DO FOR HIM

Spend a portion, at least of our money with mail order houses in times of plenty when the merchant should be drawing returns for the assistance he gave in time of stress. We help to fill the coffers of the large corporations that have no friendly, social or financial interest in our community—they want our business and our money, that's all.

What would our town be without our merchants? There would not be any town here if it were not for the patronage accorded from the people who live round-about. Then do we not owe the business man something just for staying here and giving us the opportunity to buy when it is necessary for us to do so? Just as we owe loyalty and patriotism to our government in the same way we owe something to our merchants.

WHAT WE OUGHT TO DO FOR HIM

Trade with him this fall and this winter. Give him the patronage that he deserves. Make his coffers ring and let the cash register bell toll every item we need in the line of goods for the farm and the home. We know that every dollar we spend with him is here at home, either placed in the local bank and loaned out for progressive movements or placed directly in home circulation when the merchant with whom we spend, spends the same money for goods that he, in turn, needs.

When you spend that money with mail order houses it is gone from this community and gone forever.

Which would you have: Prosperous merchants that make a community prosperous or merchants who are barely existing which reflects the people of the rural sections?

THE CHOICE IS YOURS.

KURTEN KLIPPINGS

(Special to Bryan Daily Eagle)
KURTEN, Oct. 1.—Everybody feels real good after such cool weather as we have been having.
The Evangelical young people's society held their meeting last Sunday night, which was a success. All the members being there were as follows: Emanuel Kasiski, Tado Plagens, Rudolph Kindt, Otto Kindt, Otto Keller, Ernest Smat, Gus Schultz, Willie Schultz, Henry Endler, Phillip Endler Jr., Fritz Wiser, Arnold Stevener, Misses Ella Plagens, Alma Kindt, Emily Wiser, Martha Wiser, Mary Keller, Henrietta Schultz, Hattie Rahner, Gretchen Kasiski, Pauline Huff and Gussie Endler. We also had several visitors who were as follows: Mr. and Mrs. Jack Lawless and daughter, Nellie; Rhinold Leng, Otto Hahn, Fritz Hahn, Gus Lenz, Rudolph Kurten, Misses Verna Friedl, Tillie Hahn, and Ida Hahn.
The members elected a new secretary in place of Miss Mary Lou Prinzel. They also selected a date for a box supper, which will be Wednesday night, October 8. Everybody is invited to come. The girls are to bring boxes and the boys are to bring money.
Mrs. Emily Beard, and Eugene, from Edge were visitors in our community last Sunday.
Mr. and Mrs. Hubbard Stevener of Dallas are visiting relatives and friends here.
For dressmaking, hemstitching, picot edging and coat re-lining, see Mrs. W. S. McCaghen, next door to White Rose Studio. Phone 927.
Mrs. Annie James of Fort Worth arrived today for a visit with relatives in this city. Mrs. James is a sister of the late Dr. J. W. Howell, and has often visited here, where she is beloved by a host of friends.

COTTON MARKETING ASSOCIATION IN
PROOF OF ITS VALUE TO ITS MEMBERS

The farmers of Texas who sold their cotton through the Texas Farm Bureau Cotton Association in 1923 were well paid for their loyalty and progressiveness, according to Jim Tobias, county agent for the Association. After all expenses of handling were deducted the growers received 29.32 cents, middling basis, according to Mr. Tobias. He states that this compares quite favorably to the price of about 25 cents received on the streets of Bryan by farmers who sold in that manner.
One Local Example.
Just what the Association meant to some farmers, Mr. Tobias says, can be seen from the returns of Ed Boriskie, a member, who lives on Route 3, out of Bryan. Mr. Boriskie is a tenant farmer, and on the days he shipped his cotton he secured bids from local buyers and paid his landlord that bid, and shipped the cotton to the Association. The prices he was offered and what he received for the cotton are as follows:
Offered on local market Association
23 30.78
27 1-2 30.72
28 1-2 30.72
28 1-2 30.72
28 1-4 30.78
28 1-4 30.78
23 1-2 31.98
23 1-2 30.78
24 30.78
23 3-4 31.20
Farmers Are Awakening.
After deducting association handling charge of 20.34 and interest of 11.25, Mr. Boriskie netted on a hog round basis 30.66 for his cotton, Mr. Tobias says.
Brazos county farmers are rapidly awakening to the value of co-operative marketing according to Mr. Tobias, as more than 200 have joined the Association within the past eight months.

DICK WILSON'S PROTEGES SHOW A
PROMISE FUTURE FOOTBALL GLORY

The Rosebud High School football team that humbled Kosse 64 to 0 went down to defeat at the hands of the Bryan eleven on Edge Field on Thursday afternoon to the score of 8 to 0. At no time was Bryan's goal threatened and the game ended with the ball on Rosebud's one-yard line with Bryan having still two downs to carry it across. The whistle saved Rosebud from an almost-certain touchdown and six more points. The Bryan eleven showed a good knowledge of football fundamentals and played a good brand of the game. They did not fumble which is a weakness of many teams. They showed themselves good at recovering fumbles of the opposition. The only criticism would be that they have not yet learned how to "fight", to get that fighting spirit that is necessary to a championship team. The second quarter showed them playing the game with a feeling that they had scored one touchdown and were satisfied with themselves. The second half was much better, especially at the very close of the game.

WILMA HOLZMANN
HOSTESS 'KID' PARTY

A most delightful evening was spent on Friday from 8 to 12 o'clock at the home of Mr. and Mrs. W. H. Holzmann in the eastern part of the city, when their daughter, Miss Wilma Holzmann, entertained a number of her high school friends with a "kid party." The guests began to arrive at the appointed hour, and lots of fun was enjoyed, for the girls were dressed in tiny girl dresses with big ribbon bows on their hair, and the boys in knee trousers with blouses, big collars and Windsor ties. The judging committee declared that James Pipkin was the "cutest little boy" present, and that Miss Mildred Cloud was the "prettiest little girl." These two were given prizes, the boy a cap pistol and the girl a Kewpie doll. Bright hued balloons were given as favors to the kiddies and they played games on the lawn. Delicious fruit punch was served throughout the evening, and later, carrying out the "kid party" program, ice cream cones were served. Those enjoying the novel affair were: Misses Thelma Pritchett, Loree Harrison, Dorothy Graham, Maudelle Wiley, Mildred Cloud, Deane Orms, Jessie Myrtle Hensarling, Wava Martin, Rae Orms, Wilma Holzmann; Messrs. Vergne Adams, James Pipkin, J. E. Brown, Jr., Stuart Cole, Harry Dishman, Ross Williamson.
Ball Over On Downs.
Line bucks and tackle drives by Bunting, Pos, Cole, and Dansby carried the ball to Rosebud's 20-yard line where a fumble was recovered just before Rosebud took the ball on downs. Rosebud made 10 yards on a fake punt formation but then lost the ball to Bryan on downs. The ball remained in this section of the field, around Rosebud's 10 to 30 yard line until the quarter ended, Konecny dropping a Rosebud man for a 5-yard loss just before the whistle blew.
The second quarter was played entirely in Rosebud's end of the field, the ball never crossing the 50-yard line, but no score was made though Bryan twice threatened the enemy's goal. Bryan contented herself with straight line plays that gained but the team seemed to lack the pep to put the necessary momentum behind their efforts.
Exchange of Punts.
Rosebud kicked off to Bryan. Bryan elected to punt and Konecny recovered when the Rosebud safety fumbled. After a few short gains on line drives, Bryan again punted. Rosebud this time returning the punt and the ball going out of bounds on Bryan's 35-yard line. Bryan then started a drive down the field in which every backfield man participated, including Orms who had been sent in at quarter in the beginning of the second half. The ball went over to Rosebud on down on her 5-yard line. When she elected to punt, Bryan broke through and the punter kicked the ball high in the air and onside. One of the Rosebud men recovered the ball and was downed behind the goal line—a safety and two points for Bryan. Beginning play on the 30-yard line, Bryan soon got the ball and carried it down to the 1-yard line when the whistle blew for game.

DAUGHTERS OF CONFEDERACY
IN NEW YEAR MEETING
ON FRIDAY AFTERNOON

L. S. Ross Chapter, United Daughters of the Confederacy, will hold its first meeting for the year on Friday afternoon, October 3rd, at 4 o'clock, at the home of the chapter president, Mrs. Albert Buchanan. LIQUOR CASE IS BEFORE
DISTRICT COURT TODAY

(From Wednesday's Daily)
The case of Dave and Avery Greer of near Milican, charged with the unlawful manufacture of intoxicating liquor, and Avery Greer with the sale of similar commodity, were two cases scheduled to be taken up by district court today before Judge W. C. Davis. On Monday morning before a jury, the case of Willie Sloan, charged with the theft of \$110 from the office of Judge J. T. Maloney in the K. of P. Hall, during August, was tried. The jury gave the defendant a two-year suspended sentence. In view of the war record of the defendant, who served 22 months in France, County Attorney Oak McKenzie recommended that special consideration be given him and recommended the suspended sentence.

STATUE OF CHRIST IS
ERECTED ON LAWN AT
ST. JOSEPH'S PARISH

A member of St. Joseph's parish contributed \$450 for the erection of a statue of Christ on the church lawn. Lately it arrived from Chicago, a product of Dapratto Statuary Company. The material is known as "Orbronz," and is bronze in color. It is life-size, 5 feet, 8 or 10 inches in height and stands on a concrete pillar between the church and the school. The statue is devotion-inspiring, representing the Savior pointing to his heart to remind us of His love for mankind.

APPEAL FOR FUNDS
DEMOCRATIC DRIVE
NATIONAL CAMPAIGN

The Bryan Eagle has received the following appeal in behalf of the Democratic nominee for president, John W. Davis, addressed to the Democrats of Brazos county, from W. L. Clayton, director for Texas, with headquarters in Houston. It originated with Judge J. L. Young, college classmate and personal friend of Mr. Davis.
"After a period of sluggishness the Democratic presidential campaign is assuming an aggressive aspect and in support of this offensive of the party, and Hon. John W. Davis, the nominee for the presidency, I frankly am making an appeal for funds to aid in consummating the party's aim of making Mr. Davis the next president.
No Lost Battalions.
"I am confident that every Democrat, in view of the splendid personality and record of achievement of the man who is heading the party's ticket this year and of the brilliant opportunity afforded for party success at the polls in November, will regard it not only as his duty but also a pleasure to contribute liberally toward the assurance of this success.
"Mr. Davis very aptly has asserted

PRESIDENT W. B. BIZZELL SAYS THAT HE IS
NOT IN ACCORD WITH THE VIEWS OF GEORGE
B. TERRELL, COMMISSIONER OF AGRICULTURE

(From Dallas News)
COLLEGE STATION, Sept. 29.—President W. B. Bizzell, of the A. M. College of Texas, comments on the views of George B. Terrell, Commissioner of Agriculture, as follows: In a recent issue of the Dallas News George B. Terrell, Commissioner of Agriculture, submitted a state of his well-known views with reference to absorbing the various agricultural administrative agencies of the State in the State Department of Agriculture. In this article Mr. Terrell states that I agree that the department of Agriculture should do the agricultural administrative work. If Mr. Terrell means by this statement that I am in accord with his plan of consolidation, he is mistaken. I do not believe that Mr. Terrell's plans of consolidation is in accord with economy, efficiency, or the best interests of agriculture in this State. In fact, I am convinced that if the several agricultural administrative agencies were absorbed by the Department of Agriculture, it would greatly increase the expense and decrease the efficiency of administering the several activities.
I believe, however, it is possible to co-ordinate the several administrative agencies of the State and bring about great efficiency and more satisfactory results to those whom they are designed to serve. I think it is only fair to say, in justice to the administrative officers who are now administering the several agricultural laws of this State, that the public is receiving good returns from the money expended in these activities. Several of these men are serving by appointment of the Governor and were selected because of their fitness in one of his speeches that there will be no lost Democratic battalions in the campaign this year, and even regarding Texas as apart from the center of actual political warfare as far as the national campaign is concerned, it is none the less up to Texas Democrats to play their part, not to be laggards, and to come to the aid of their party now in this critical phase of the campaign and crucial moment in the party's history.
Given Strong Support.
"Mr. Davis only recently returned from his Western trip well pleased with the results he obtained. On this tour he gained the feel of the grass roots in the West and is eager to plunge once more into the fray by a second tour of Illinois, Missouri, Ohio, and Indiana, including perhaps several of the border states, following his present campaign in New England and the East.
"Strong support is being accorded Mr. Davis' aspirations by the injection of both Al Smith of New York and William Gibbs McAdoo into the campaign in support of the Democratic nominee, while most encouraging crowds have welcomed Mr. Davis on the occasion of every speech he has delivered.
Need Is Urgent.
"Financial assistance to the Democratic party on the part of every

Democrat essentially must be regarded as an obligation, and in view of the present situation politically in this county, there should be no holding back on the part of any man or woman, classifying himself as a Democrat. Contribution to this worthy cause, no matter how large or how small, should be made at once. Headquarters for Dallas county have been established at the Southland Hotel, Dallas, for North Texas, and at the Cotton Exchange building, Houston, for South Texas. And the county chairman or headquarters would be glad indeed to acknowledge a ready response from every Democrat in the county."

County Superintendent D. J. McDonald is in Franklin today on official business.

COTTON MARKETING ASSOCIATION IN PROOF OF ITS VALUE TO ITS MEMBERS

The farmers of Texas who sold their cotton through the Texas Farm Bureau Cotton Association in 1923 were well paid for their loyalty and progressiveness, according to Jim Tobias, county agent for the Association. After all expenses of handling were deducted the growers received 29.32 cents, middling basis, according to Mr. Tobias. He states that this compares quite favorably to the price of about 25 cents received on the streets of Bryan by farmers who sold in that manner.

Ones Local Example.
Just what the Association meant to some farmers, Mr. Tobias says, can be seen from the returns of Ed Boriskie, a member, who lives on Route 3, out of Bryan. Mr. Boriskie is a tenant farmer, and on the days he shipped his cotton he secured bids from local buyers and paid his landlord that bid, and shipped the cotton to the Association. The prices he

was offered and what he received for the cotton are as follows:
Offered on local market
25 30.78
27 1-2 30.72
26 1-2 30.72
26 1-4 30.72
26 1-4 30.78
26 1-4 31.98
23 1-2 30.72
23 1-2 30.78
23 3-4 31.20

After deducting association handling charge of 20.34 and interest of 11.25, Mr. Boriskie netted on a hog round basis 30.66 for his cotton, Mr. Tobias says.
Brazos county farmers are rapidly awakening to the value of co-operative marketing according to Mr. Tobias, as more than 200 have joined the Association within the past eight months.

DICK WILSON'S PROTEGES SHOW A PROMISE FUTURE FOOTBALL GLORY

The Rosebud High School football team that humbled Kosse 64 to 0 went down to defeat at the hands of the Bryan eleven on Edge Field on Thursday afternoon to the score of 8 to 0. At no time was Bryan's goal threatened and the game ended with the ball on Rosebud's one-yard line with Bryan having still two downs to carry it across. The whistle saved Rosebud from an almost-certain touchdown and six more points. The Bryan eleven showed a good knowledge of football fundamentals and played a good brand of the game. They did not fumble which is a weakness of many teams. They showed themselves good at recovering fumbles of the opposition. The only criticism would be that they have not yet learned how to "fight", to get that fighting spirit that is necessary to a championship team. The second quarter showed them playing the game with a feeling that they had scored one touchdown and were satisfied with themselves. The second half was much better, especially at the very close of the game.

The First Quarter.

Bryan won the toss and chose to defend the south goal. Rosebud kicked off and Bunting returned about six yards. Left tackle smashes, four of them in succession by Bunting, carried the ball to the middle of the field. Pos made four through right tackle when other smashes by Bunting and Pos, assisted slightly by Snapp, took the ball to Rosebud's 27-yard line, where one pass failed a short time before, a forward pass was completed, Bunting to Konecny, for 19 yards, putting the ball on Rosebud's 8 yard line. Dansby was sent in to replace Snapp, after Snapp had failed to gain on an end buck. Dansby made 6 yards on a fake smash and Bunting went over for a touch down on a line drive scoring six points. Bryan failed to kick goal for the extra point.
Rosebud again elected to kick, Dansby receiving on his 25-yard line and returning about three yards, but following it up on first down by an end back for 30 yards, carrying the ball back across the middle of the field. Here Rosebud drew another off-side penalty. She got several of them throughout the game for this, one for roughing and one for having more than one man in the backfield in motion. Referee "Puny" Wilson said that he could legally have given them many more penalties but did not like to seem to be playing for Bryan.

Ball Over On Downs.

Line bucks and tackle drives by Bunting, Pos, Cole, and Dansby carried the ball to Rosebud's 20-yard line where a fumble was recovered just before Rosebud took the ball on downs. Rosebud made 10 yards on a fake punt formation but then lost the ball to Bryan on downs. The ball remained in this section of the field, around Rosebud's 10 to 30 yard line until the quarter ended, Konecny dropping a Rosebud man for a 5-yard loss just before the whistle blew.

Exchange of Punts.

Rosebud kicked off to Bryan. Bryan elected to punt and Konecny recovered when the Rosebud safety fumbled. After a few short gains on line drives, Bryan again punted. Rosebud this time returning the punt and the ball going out of bounds on Bryan's 35-yard line. Bryan then started a drive down the field in which every backfield man participated, including Orms who had been sent in at quarter in the beginning of the second half. The ball went over to Rosebud on down on her 5-yard line. When she elected to punt, Bryan broke through and the punter kicked the ball high in the air and onside. One of the Rosebud men recovered the ball and was downed behind the goal line—a safety and two points for Bryan. Beginning play on the 30-yard line, Bryan soon got the ball and carried it down to the 1-yard line when the whistle blew for game.

LIQUOR CASE IS BEFORE DISTRICT COURT TODAY

(From Wednesday's Daily)
The case of Dave and Avery Greer of near Milican, charged with the unlawful manufacture of intoxicating liquor, and Avery Greer with the sale of similar commodity, were two cases scheduled to be taken up by district court today before Judge W. C. Davis. On Monday morning before a jury, the case of Willie Sloan, charged with the theft of \$110 from the office of Judge J. T. Maloney in the K. of P. Hall, during August was tried. The jury gave the defendant a two-year suspended sentence. In view of the war record of the defendant, who served 22 months in France, County Attorney Oak McKenzie recommended that special consideration be given him and recommended the suspended sentence.

STATUE OF CHRIST IS ERECTED ON LAWN AT ST. JOSEPH'S PARISH

A member of St. Joseph's parish contributed \$150 for the erection of a statue of Christ on the church lawn. Lately it arrived from Chicago, a product of Dapratto Statuary Company. The material is known as "Orbronz," and is bronze in color. It is life-size, 5 feet, 8 or 10 inches in height and stands on a concrete pillar between the church and the school. The statue is devotion-inspiring, representing the Savior pointing to his heart to remind us of His love for mankind.

TABOR TIDBITS

(Special to Bryan Daily Eagle)
TABOR, Oct. 2.—Our school began Monday with a good attendance. We enrolled 130 the first day and there are several to enter yet. We are proud to have so many, and are hoping to have a good school year. Our fair last Friday was a success. We had people from all over Brazos county and several from other counties. The exhibits were fine and we had plenty of dinner, cold drinks and everything to help us enjoy the day. We thank all those who helped to make it a success.
Miss Hazel Bacon of Frankston arrived Thursday and took up her duties as music teacher in the high school Monday. We are glad to have her.

Miss Katie Walker of Bryan spent the week-end with homefolks in this community.
Mr. and Mrs. Henry Locke of Bryan visited at Zack Sunday.
Miss Ella Francis of Bryan spent the week-end with homefolks.
Mrs. Albert McCallum and son, James, of Houston, are visiting Mrs. McCallum's parents, Mr. and Mrs. W. H. Benbow.

APPEAL FOR FUNDS DEMOCRATIC DRIVE NATIONAL CAMPAIGN

The Bryan Eagle has received the following appeal in behalf of the Democratic nominee for president, John W. Davis, addressed to the Democrats of Brazos county, from W. L. Clayton, director for Texas, with headquarters in Houston. It originated with Judge J. L. Young, college classmate and personal friend of Mr. Davis.
"After a period of sluggishness the Democratic presidential campaign is assuming an aggressive aspect and in support of this offensive of the party, and Hon. John W. Davis, the nominee for the presidency, I frankly am making an appeal for funds to aid in consummating the party's aim of making Mr. Davis the next president.

No Lost Battalions.
"I am confident that every Democrat, in view of the splendid personality and record of achievement of the man who is heading the party's ticket this year and of the brilliant opportunity afforded for party success at the polls in November, will regard it not only as his duty but also a pleasure to contribute liberally toward the assurance of this success."

"Mr. Davis very aptly has asserted

PRESIDENT W. B. BIZZELL SAYS THAT HE IS NOT IN ACCORD WITH THE VIEWS OF GEORGE B. TERRELL, COMMISSIONER OF AGRICULTURE

(From Dallas News)
COLLEGE STATION, Sept. 29.—President W. B. Bizzell, of the A. and M. College of Texas, comments on the views of George B. Terrell, Commissioner of Agriculture, as follows: In a recent issue of the Dallas News George B. Terrell, Commissioner of Agriculture, submitted a state of his well-known views with reference to absorbing the various agricultural administrative agencies of the State in the State Department of Agriculture. In this article Mr. Terrell states that I agree that the department of Agriculture should do the agricultural administrative work.

If Mr. Terrell means by this statement that I am in accord with his plan of consolidation, he is mistaken. I do not believe that Mr. Terrell's plans of consolidation is in accord with economy, efficiency, or the best interests of agriculture in this State. In fact, I am convinced that if the several agricultural administrative agencies were absorbed by the Department of Agriculture, it would greatly increase the expense and decrease the efficiency of administering the several activities.

I believe, however, it is possible to co-ordinate the several administrative agencies of the State and bring about great efficiency and more satisfactory results to those whom they are designed to serve. I think it is only fair to say, in justice to the administrative officers who are now administering the several agricultural laws of this State, that the public is receiving good returns from the money expended in these activities. Several of these men are serving by appointment of the Governor and were selected because of their fitness.

In one of his speeches that there will be no lost Democratic battalions in the campaign this year, and even regarding Texas as apart from the center of actual political warfare as far as the national campaign is concerned, it is none the less up to Texas Democrats to play their part, not to be laggards, and to come to the aid of their party now in this critical phase of the campaign and crucial moment in the party's history.

Given Strong Support.
"Mr. Davis only recently returned from his Western trip well pleased with the results he obtained. On this tour he gained the feel of the grass roots in the West and is eager to plunge once more into the fray by a second tour of Illinois, Missouri, Ohio, and Indiana, including perhaps several of the border states, following his present campaign in New England and the East.

"Strong support is being accorded Mr. Davis' aspirations by the injection of both Al Smith of New York and William Gibbs McAdoo into the campaign in support of the Democratic nominee, while most encouraging crowds have welcomed Mr. Davis on the occasion of every speech he has delivered.
Need is Urgent.
"Financial assistance to the Democratic party on the part of every

ness and their interest in the public service they are performing. The proposal for better co-ordination does not imply that excellent results are not being obtained as a result of their efforts.

Thought To Be Advisable.

The co-ordination of these activities is not the simple matter implied by Mr. Terrell. Some of the police functions exercised under these agricultural administrative laws are dependent upon the most accurate research and very definite scientific conclusions. The interest of agricultural endeavor in this State demands that very careful consideration be given to co-ordinating appropriate research agencies for the execution of the police functions under these laws. For this reason I do not believe it advisable to direct by statute the transfer of these agencies. The welfare of our agricultural interests requires the creation of some administrative agency to establish proper co-ordination, and I am of the opinion that it would not be well to undertake to bring all of this about at one time or in a brief period of time.

Ready To Give Information.

I do not think this is the time to discuss a legislative program involving the co-ordination of these activities, but should the Thirty-ninth legislature decide to consider such a program, I stand ready to supply such information and render such assistance as I can in this undertaking. The only interest that the governing authorities and administrative officers of the Agricultural and Mechanical College of Texas have in formulating an administrative policy is the improvement of agricultural conditions in this State.

Democrat essentially must be regarded as an obligation, and in view of the present situation politically in this county, there should be no holding back on the part of any man or woman, classifying himself as a Democrat. Contribution to this worthy cause, no matter how large or how small, should be made at once. Headquarters for Dallas county have been established at the Southland Hotel, Dallas, for North Texas, and at the Cotton Exchange building, Houston, for South Texas. And the county chairman or headquarters would be glad indeed to acknowledge a ready response from every Democrat in the county."

County Superintendent D. J. McDonald is in Franklin today on official business.
